ATTUNITY

- **Who is looking at replacing RMS?**
- **Why?**

Its old – legacy
Too expensive to maintain
Out of date
Don't have the skills
Not flexible enough
Not part of our core strategy
Can't integrate it with our other systems
Can't access the data

11/27/2012

ATTUNITY

So why replace?

- **Very expensive to migrate**

- **It will take a long time**

- **It will be complicated to do.**

- **RMS works**

  - Reliable
  - Fast

ATTUNITY

ATTUNITY

back

# Welcome to the Age of Big Data

The volume and complexity of data continues to expand exponentially

The same old problem…..

- **Ability to access data**

- **Ability to integrate with other systems**

Becoming an Intelligent, Agile Enterprise

ATTUNITY

**Deliver business-critical information—
when, where and how it's needed.**

Use Cases

» BI & Analytics

» Operational Reporting

» Compliance and Governance

» Data Modernization

» Data Consistency

» Inter-Enterprise Data Sharing

» Disaster Recovery

Use Cases

BUSINESS INTELLIGENCE & ANALYTICS

» BI & Analytics
» Big Data / Hadoop

OPERATIONS

» Operational Data Warehousing
» Operational Reporting
» Query Offloading
» Enterprise Information Integration

DATA / APPLICATION MODERNIZATION & MIGRATION

» Data & Application Modernization
» Data Migration
» SOA Enablement

CLOUD COMPUTING

» Big Data Management
» Accelerated BI & Analytics
» Disaster Recovery & Continuous Availability

Attunity Solutions

**High-Performance Information Availability Solutions
Made Radically Simple.**

High-Performance

Simple to Deploy and Operate

Lower Total Cost of Ownership

Meets the Needs of the Business

Our History

Focused solely on Data Integration and Information Availability

1995	2001	2006	2010	2012
CONNECTORS & FEDERATION	**CHANGE DATA CAPTURE**	**DATA REPLICATION v1**	**DATA REPLICATION v2**	**DATA REPLICATION v3**
Attunity provides data access solutions built for performance and based on industry standards	Attunity complements ETL by intelligently staging only changes – resulting in dramatic data movement performance gains	Attunity delivers real-time data replication solution focused on complete end-to-end processing	Attunity revolutionizes data replication – eliminating scripting, automating schema changes, driving performance with in-stream processing Attunity acquires RepliWeb and gains unstructured data replication	Attunity innovation delivers polystructured Big Data replication for data centers and cloud

Our Capabilities

DATA REPLICATION / ENTERPRISE FILE REPLICATION

CHANGE DATA CAPTURE

DATA ACCESS

APPLICATION RELEASE AUTOMATION

MANAGED FILE TRANSFER
